

## Age UK Horsham District Newsletter and Top Tips

---

### This message is sent on behalf of Age UK Horsham District

Dear NHW Coordinators,

You have kindly supported Age UK Horsham District in the past and we wondered if you would be so kind as to support us again; attached here is the first of our 'Fun and Games' newsletter which we hope you will kindly forward to all of your members and, where needed **and only if possible**, print a copy or two for any members who do not have access to a computer. This particular newsletter has an additional page titled 'Staying well in unprecedented times' for people to stick on their fridges etc.

Future editions of the newsletter will be one A4 double-sided page that can be printed in colour or black and white; the newsletter will be issued on the 2nd and 4th Thursdays of every month. Really it is about helping to reduce the loneliness and isolation that many of us are facing at this time; we hope that you will be happy to pass this on to your members (and further afield if you wish) as and how you can.

Thank you so much for your support and please remember to call 01403 260560 if you or any of your members could do with **Age UK Horsham District support**.

Best wishes, stay well and safe.

Nicky Fuller and all at Age UK Horsham District
