It was **RESOLVED** that the minutes approved by the following Committees be **ADOPTED**;
[Mannings Heath Village Green Committee Meeting](#) - 19th September 2018
[Finance Committee Meeting](#) – 14th November 2018
[Planning Committee Meeting](#) – 17th April 2019

082-19/20 CHAIRMANS ANNOUNCEMENTS

The Chairman advised that County Councillor Nigel Jupp had been delayed and that item 083-19/20 would be deferred until the County Councillors arrival.

083-19/20 DISTRICT AND COUNTY COUNCILLORS REPORTS

County Councillor Nigel Jupp advised that the stile on the footpath opposite the Dun Horse had been replaced with a kissing gate and that he was aware of the damage caused to the road surface in Masons Field by a road sweeper, this has been reported to WSCC Highways.

The County Councillor also noted the request by a resident in Gaglewood to leave an area of verge, at the entrance to Gaglewood, uncut. The land belongs to Saxon Weald and is mowed by WSCC.

The issue with the lack of continuity of the speed signs limits in Copsale remains outstanding. The matter will be taken up by the Parish Council's Roads & Footpath Committee.

WSCC have started to consider the budget for 2020/21, with reduced Government funding and increased Social Care costs, further reductions will still

have to be made to services.

With the closure of the village store, opening of a Post Office at Elite Garage and new dwellings at the former Dun Horse the Chairman asked about the possibility of a pedestrian crossing on the A281 in Mannings Heath?

The County Councillor advised that due to financial constraints it would be unlikely that WSCC Highways would be in a position to finance a pedestrian crossing, at a cost £70,000.00. However, he did suggest that data on the number of pedestrians crossing the road and the potential increase, if there was a pedestrian crossing, be gathered. The Clerk and County Councillor will liaise re the criteria for a pedestrian crossing.

The County Councillor concluded, WSCC are formulating an Events Policy, with particular reference to Velo South, the policy would hopefully include a thorough consultation with all Parishes effected and at least 18 month's notice of any event.

084-19/20

PUBLIC SESSION

A member of the public asked how HDC's review of the HDPF (Local Plan) would impact on the Neighbourhood Plan?

The Vice Chairman advised that HDC expect to complete the review in 2021 and that there were two aspects which could affect the Neighbourhood Plan;

- i) HDC are required by the Government to provide additional houses, the figure has yet to be confirmed.
- ii) HDC will meet the requirement through strategic allocation to the main urban centres (Horsham, Billingshurst, Southwater etc) and through allocation to each Parish for their Neighbourhood Plan. HDC have not yet advised how they will apportion the numbers.

The Parish Council have been given three option by HDC on how they would like the Neighbourhood Plan to be reviewed:

- i) The Parish Council review the Neighbourhood Plan, with a referendum and the associated costs.
- ii) HDC will take over the Neighbourhood Plan and allocate the sites, consulting with the Parish Council.
- iii) A mixture of the above.

The Parish Council have discussed the options and advised HDC;

'It was resolved to make a provisional choice to carry out its own review of its Neighbourhood Plan. However, as the need to review the Neighbourhood Plan is some time off, the Parish Council reserves the right to choose a different option in the light of any developments in Neighbourhood Planning in the meantime, including when HDC advises it of the number of houses allocated to its Neighbourhood Plan.'

In reply to a question the Vice Chairman advised that there is no further space in the existing BUAB in Mannings Heath, the site in Church Road needs to be removed and

any further development would have to be outside of the designated BUAB, leading to a review of the BUAB.

085-19/20 PLANNING
i. NEW APPLICATIONS

Number	Applicant & Reason
<p>DC/19/1198 14.06.2019</p> <p>RESOLVED</p>	<p>Conversion of redundant milking parlour building to ancillary accommodation and cattle shed to garage, workshop and storage space.</p> <p>New Brook Farm, Nuthurst Road, Maplehurst</p> <p>The Parish Council objects to this planning application for the following reasons:</p> <ol style="list-style-type: none"> 1. The application site is outside any Built Up Area Boundary or settlement boundary and therefore is development in the countryside. The site is not allocated for development within the Horsham District Planning Framework (HDPF) or the Nuthurst Parish Neighbourhood Plan (NPNP). The proposed development would be inconsistent with the overall strategy for development in the HDPF. It is therefore contrary to policies 1, 2, 3, 4, 26 and 40 of the HDPF (2015), policy 1 of the NPNP (2015) and the National Planning Policy Framework (NPPF, 2018) 2. The site lies within a rural location outside the limits of any existing settlement and the proposed dwelling does not constitute a use considered essential to such a countryside location, such as supporting agriculture or forestry. The proposed development would therefore conflict with policies 1, 2, 3, 4 and 26 of the HDPF (2015) and the NPPF (2018). 3. The proposed development would harm the setting of the Grade II listed building, Brook Farmhouse and the old barn complex that sits within the curtilage of Brook Farmhouse. The attached listing from Historic England confirms that the old barn complex is part of the listed building because it states <i>“Any object or structure fixed to the principal building or buildings and any object or structure within the curtilage of the building, which, although not fixed to the building, forms part of the land and has done so since before 1st July, 1948 <u>is by law to be treated as part of the listed building</u>”</i>. The milking parlour is approximately 8m and the cattle shed approximately 12m from the old barn complex. <p>Therefore the proposed development would harm the setting of Brook Farmhouse and its old barn complex, contrary to policy 34 of the HDPF (2015) and policy 195</p>

	<p>of the NPPF (2018) which states: “Where a proposed development will lead to substantial harm to (or total loss of significance of) a designated heritage asset, local planning authorities should refuse consent, unless it can be demonstrated that the substantial harm or total loss is necessary to achieve substantial public benefits that outweigh that harm or loss”. The Parish Council maintains that there is no public benefit from the proposed development.</p> <p>4. The proposed development does not meet policy 33 of the HDPF (2015) and policy 10 of the NPNP (2015) because the development does not reflect the architectural and historic character and scale of the surrounding dwellings. Furthermore, it does not meet the overarching aim of the Nuthurst Parish Design Statement (PDS, 2017) to retain its largely rural character and in particular the proposed “zinc roof” is contrary to section 2.3 of the PDS (2015) because the roof slope is well less than 45^o and the roof is not made of traditional countryside materials such as clay tiles.</p> <p>The Parish Council urges Horsham District Council to refuse planning permission for this application on the above grounds.</p>
<p>DC/19/1253 18.06.2019</p> <p>RESOLVED</p>	<p>Demolition of existing dwelling, garage and outbuilding and erection of a two storey detached dwelling with link attached car port/garage and associated works. Barnfields, Broadwater Lane, Copsale</p> <p>The Parish Council has no objection in principle to the replacement of the existing dwelling with a replacement dwelling.</p> <p>The Parish Council notes that the site is outside of any defined built up area boundary or settlement boundary and therefore is in the countryside. This means that the application has to be considered under the provisions of Policy 28 of the Horsham District Planning Framework (Replacement Dwellings and House Extensions in the Countryside).</p> <p>This policy supports replacement dwellings in the countryside on a one to one basis if certain criteria are met. The key criterion is that “Replacement dwellings should not be disproportionate to the size of the existing dwelling”. It is evident from Drawing No OV/DB/DWSW/08 that the footprint of the proposed dwelling is approximately twice that of the existing dwelling. Furthermore, the gross floor area of the proposed dwelling and linked attached garage and carport would be 555 sqm compared with 290 sqm for the existing dwelling (i.e. almost double) and the</p>

	<p>proposed dwelling would be 1.3m higher than the existing dwelling and therefore intrusive in the countryside.</p> <p>Therefore, the Parish Council considers that the proposed dwelling is disproportionate to the size of the existing dwelling and objects to the application on that basis.</p> <p>The Parish Council would be prepared to support a more modest sized replacement dwelling.</p>
<p>DC/19/1236 14.06.2019</p> <p>RESOLVED</p>	<p>Non material amendment to previously approved application DC/19/0297 (Erection of two storey rear extension, fenestration and external alterations. Erection of a front porch) Relating to the removal of doorway and insertion of an additional window to the south elevation.</p> <p>Coombe Cottage, Church Road, Mannings Heath</p> <p>To raise no objection to the application.</p>
<p>DC/19/0326 20.06.2019</p> <p>RESOLVED</p>	<p>Erection of an agricultural barn to provide storage for machinery required to maintain the plots of land.</p> <p>Land North of Raylands Park, Jackrells Lane, Southwater</p> <p>To object to this application for the following reasons:</p> <ul style="list-style-type: none"> i) The proposed agricultural barn is too large and too high and would therefore be very intrusive in the countryside. ii) The size of the proposed agricultural barn is too large for the purpose stated. <p>If HDC is minded to approve the application, the Parish Council asks for a condition on the approval that it should remain an agricultural barn in perpetuity and not be converted into a residential dwelling.</p>
<p>DISC/19/0178 14.06.2019</p> <p>RESOLVED</p>	<p>Approval of details reserved by conditions 3, 5 and 10 on DC/17/2216</p> <p>Hawthorns, Bar Lane, Southwater</p> <p>The Parish Council objects to this application because it considers that the information provided does not satisfactorily discharge these three pre-development conditions.</p> <p>The information provided is vague and not specific enough, particularly in regard to the proposals under condition 3 for wheel washing facilities, dust control and recycling and disposal of waste. The Parish Council considers that a much more specific method statement for each of these is required.</p> <p>Furthermore, the Parish Council points out that construction work has already started on the site (the installation of two static caravans) in contravention of those three pre-development conditions</p>
