

Warren Clark Golfing Dreams

To whom it may concern

I am writing on behalf of the Asian Welfare and Cultural Association (AWCA) to give my support to the proposed Disability Inclusive Centre.

The AWCA's Wednesday afternoon Elders' drop-in group's membership is comprised of people who have a range of mobility issues. They are from different ethnic origins and religious backgrounds. Average weekly attendance is around 40 people.

A proposed centre like this will be beneficial to a group like the AWCA whose members may not all be able to access what the mainstream provision has on offer.

Having this centre will mean that some of the ladies will be able to have access to single sex activities which overcome some of the barriers to their participation.

Low cost activities would remove another of the barriers to engagement by a wide variety of people from different backgrounds, cultures and abilities.

The AWCA has benefited from Warren Clark's Golfing Dreams – Starting New at Golf (SNAG) was a great success at their Wednesday Elders' drop-in group and also at the Eastleigh Mela.

Yours sincerely,

Shankerlal Sthankiya

Linden Lodge School

A Specialist Sensory & Physical College

To whom it may concern

I write to confirm my support of Dawn Osborn's project: "Warren Clark Golfing Dreams," a project to build a Disability Inclusive Centre. Being the Head of a Special School I am happy to support another organisation that is keen to increase accessibility for children and young people with disabilities.

Having recently fundraised for, and built a £2M purpose built centre for families of the visually impaired with additional complex needs we look forward to seeing how the project develops. It is very exciting to see a project that is being designed for the disabled that will open up opportunities for them to increase their confidence whilst having fun and gaining new skills aswell as being given the opportunity to socialise in a safe environment.

We wish you well with your endeavours and hope that you will be successful in obtaining the funds required in order to achieve your dream.

With best wishes

Hi Dawn,

Thanks for your call earlier – catching up on this and it looks amazing! We'd be happy to provide a letter of support, I'll get one written up for you!

Thanks,

Matt

Dear Dawn and Warren

RE: Letter of support

Thank you for coming in and presenting your proposal for a disability inclusive centre for Mannings Heath Golf Club that could be accessed by day service providers, children with special educational needs, dementia/elderly services and families of deprived and disadvantaged backgrounds.

It was fantastic to meet you both and I was so impressed and overwhelmed by your drive and the achievements you have both made by highlighting the need for additional community activities and bringing accessible golf for people with Learning Disabilities and autism through your 'not for profit' organisation, Warren Clark Golfing Dreams. We are very excited with how your proposal brings golf and its associated skills to people of all abilities with the innovative and inclusive equipment and opportunities you already provide.

Our school, Queen Elizabeth II Silver Jubilee School is situated in Horsham and caters for pupils with severe or profound and multiple learning difficulties, or complex needs. There are 106 pupils on roll aged 2 – 19 years, with 15 teachers, 5 higher level teaching assistants and 40 special support assistants in ten class bases.

It was fantastic to hear your proposal with an insight as to what you want to achieve. Our students are lucky enough to access some community activities but this is not always possible with the levels of need of some students and lack of accessibility. With the prospect of an inclusive gym, hydrotherapy pool, accessible 9-hole golf course and tennis/multi-sports it would give all our students the potential to learn new skills and develop their confidence in the local community. The opportunity of work experience, future employment and linking this through community transition is extremely exciting.

The school would be more than happy to support you with your proposal and would look forward to working with you to make this dream a reality for yourselves and all those who would benefit from this fantastic venture.

The benefits to people with disabilities outlined in your proposal such as offering accessible changing facilities, quiet areas, access to catering facilities and sensory rooms coupled with the benefits to people's positive mental health, physical awareness, inclusion and public awareness of disability sport are not available to people in Horsham or the surrounding areas at this time. This is without doubt an opportunity to bridge a gap in the community for people with learning disabilities and autism.

We are looking forward to joining you for some taster sessions in the near future and wish you every success in your venture.

Best wishes

To whom it may concern,

As a care provider in the local area, we support Adults with Learning and Physical Disabilities. I had the pleasure of meeting Dawn and Warren recently and has impressed with their passions for the Inclusive centre.

SHC have 17 homes in and around the Horsham and as far out as Nutley, as a provider we fully support the project and look forward to supporting people to access the golf centre.

We have recently booked Dawn & Warren in to provide a golfing experience at our homes, giving people the opportunity to try new activities. Through giving people this experience we are prompting their health and wellbeing.

This is an amazing opportunity for Horsham community, and we hope to see this develop with the full support Sports England.

Warren Clark's Golfing Dreams

18th July 2019

To whom it may concern,

We are writing to inform you of our support for Warren Clark's Golfing Dreams at Manning's Health Golf Club, where when established will support adults and children with disabilities and long term health conditions to be more physically activity.

Activity Alliance is the leading national charity focused on disabled people's inclusion in sport and active recreation. We join organisations and disabled people in making active lives possible. Together, we challenge perceptions and change the reality of disability, inclusion and sport.

Formed in September 1998, we are proud of our success so far. We work with so many amazing people and are at the centre of world-renowned programmes.

Disabled people and people with long-term health conditions are twice as likely to be inactive as non-disabled people. This is not fair or right. With this program can help support more to be active and love their achievements.

Having met Warren while he was still at school as a 13 year old with a dream of his own to be a golf coach. He has achieved that dream and is still working to learn new skills in order to further develop, and we have no doubt he will continue to achieve his own personal dreams as well as help others to achieve theirs as well.

Please feel free to contact us if you have any questions.

Regards

To whoever it may concern,

I am writing on behalf of The PGA, offering our support of the ongoing project at Mannings Heath Golf Club. Warren Clarks Golfing Dreams is aiming to work with Mannings Heath to provide a facility for people with disabilities to access not only Golf, but other health and well-being facilities. Warren has attended PGA training in relation to delivering coaching at Level 1 and also inclusive coaching to less able-bodied individuals.

This facility, if approved, will provide more access to golf and wellbeing for the wider community.

Dawn Please pass this onto to whomever is interested / it concerns

To whomever it concerns

Letter of Support

This provides our support to the plan /initiative that is being put together to help fund and build an inclusive centre at Mannings Heath Golf club to support the disabled community from the surrounding areas .

Based upon the program i manage at Sand Martins and for the BBO county golf called the Feel inspired Golf Academy for Children with SEND I know that playing sport of any description and especially golf changes the lives of such children and improves their quality of life and heath .

Via the satellite club program we have at Sand Martins GC we now have 5 scholars who in return get free membership of the club up and until they are 21 years old and as a result of the program they have become integrated with the junior members of the club .Also they now all have golf handicaps

I have no doubt that under Dawn's inspiration and vision the results of this project will be the same as we have experienced

The very Best Wishes to all concerned

Alan Leason
And team

for the FI Golf Academy for children with SEND whose Mission is to change such children lives through golf

Chrysalis is a charity based in South Hampshire supporting vulnerable transgender and gender questioning adults and their families. Many of our beneficiaries have autism, learning difficulties or other disabilities, and may not have been able to participate in golf or other sports. We were contacted by Dawn Osborn of Warren Clark Golfing dreams who would like to become more involved with the work that we do, and explained how they would be able to offer full golf, multi sports, use of the hydro pool and disabled friendly gym and use of leonards lee lakes and gardens to members of our community if awarded funding. This would be a fantastic opportunity for our beneficiaries and would enable us to offer something that could really help to improve both their mental and physical health.

We hope this information will be of assistance in the funding application, but should you require anything further please do not hesitate to contact us.

Kind regards,
Dawn Harding

18 July 2019

Dear Sir or Madam,

Please consider this letter a letter of support for the Warren Clark Golfing Dream's Disability Inclusive Centre for disabled people. This centre hopes to be located at Manning's Health Golf and Wine Estate. It will support children with special educational needs and disabilities, as well as disabled adults and older people. It will also provide support for their families.

The National Autistic Society is the UK's leading charity for autistic people. Since 1962, we've been transforming lives, changing attitudes and helping to create a society that works for autistic adults and children.

We transform lives by providing support, guidance and practical advice for the 700,000 autistic adults and children in the UK, as well as their three million family members and carers. Since 1962, autistic people have turned to us at key moments or challenging times in their lives, be it getting a diagnosis, going to school or finding work.

We change attitudes by improving public understanding of autism and the difficulties many autistic people face. We also work closely with businesses, local authorities and government to help them provide more autism-friendly spaces, deliver better services and improve laws.

We have come a long way but it is not good enough. There is still so much to do to increase opportunities, reduce social isolation and build a brighter future for people on the spectrum. We support others who share our goal of creating a society that works for autistic people and their families. This proposed centre is an important part of this and we wish it every success.

Yours sincerely,

A handwritten signature in black ink that reads 'Tim Nicholls'.

Dear Dawn and Warren,

Thank you both so much for taking the time to come to Burnside and telling us about your fantastic proposal and the benefits this would offer people with learning and/or physical disabilities.

I absolutely agree there is a real need for marginalised people to access sporting facilities and experience all the benefits this can offer, and am particularly impressed with the ways you will support people in wheelchairs or with sensory needs to experience this.

Finally, your intention to offer evening/weekend sessions is most heartening, as there is a real lack of meaningful activities during these times and I'm sure many, many people within the area and beyond will wish to use your service.

Please provide us with any literature you have, and we will be happy to display it and/or signpost people to yourselves.

I wish you the best of luck and look forward to visiting what I'm sure will be a huge success.

Kindest regards

Andy Hooley

Re: Warren Clark Golfing Dreams
Inclusive Centre Proposal

Dear Sir or Madam

I'm writing to express our support for the above proposal.

We are a small organisation that provides day activities for adults with a range of disabilities, including learning disability, physical disabilities and autism.

We are constantly looking for engraining and meaningful activities for our users to enjoy. The Inclusive Centre Proposal would meet a great many of the needs and goals of our users, such as keeping fit, active and engaged. As well as helping address a number of social issues, such as the increasing isolation and loneliness of our users.

The Inclusive Centre Proposal would also stand out as a unique resource and would certainly draw in participants from all over the region. We would be interested in accessing some, if not all of the activities proposed. We currently support groups as large as 25 people and would welcome the opportunity to visit and access the centre as soon as becomes available.

We wish Warren Clark Golfing Dream every success and are happy to offer them are support and encouragement.

Regards Claud Monteiro
Director and Project Manager.

Dear Grant Manager,

Ref: Warren Clark Golfing Dreams – Disability Inclusive Centre

Please accept this letter in support of the Warren Clark Golfing Dreams aim to build a Disability Inclusive Centre on the Mannings Heath estate. Having seen some basic outline ideas for the project I am encouraged by the organisations ambition to increase accessibility and opportunity within the sport of golf.

England Golf have been working with Warren Clark for several years and have seen his abilities, along with Warren Clark Golfing Dreams grow to provide thousands of young people the opportunity to experience golfing activity.

Warrens coaching abilities means that he provides a great role model for the audiences they are trying to engage with.

Warren Clark Golfing Dreams have a proven ability to deliver project outcomes having secured funding in the past for a snag castle and portable driving bays. They have also consistently ensured their use within the programmes that they run to provide a great return on investment and have been recognised by the Prime Minister through the Points of Light award in 2019. <https://www.pointsoflight.gov.uk/warren-clark-golfing-dreams> .

A diverse mix of facilities is a key element to engaging different audiences in to golf and the facilities proposed will add to the existing provision of Mannings Heath.

Working together with the Mannings Heath management will drive the whole facility forward to become more accessible and responsive to local customer needs and allow those that want to progress into a regular golfing participation will have the opportunity to do so.

I look forward to seeing how this develops and enables golf to have a wider reach within the local community, ensuring there is opportunity for everyone to get into golf.

Yours sincerely

T. 01992 449830 www.golf-foundation.org

Dear Sir or Maddam,

I am writing this letter in support of the funding application by Warren Clark Golfing Dreams for a Dry Range facility to be based at Mannings Heath Golf Club in West Sussex.

Warren is very passionate about making golf available to anyone, whatever their background or ability and this Dry Range facility would allow him to offer free golf sessions to many more people.

Warren is a fine golfer himself and has represented England at Golf at the Special Olympics. He continues to work hard at his game. He also loves to coach, and has attended many workshops and courses over the last few years to enhance his skills and knowledge, including two Golf Foundation workshops that I have delivered; Tri Golf Teachers, and StreetGolf Activators. His ambition is to become a fully qualified PGA coach, and I hope he achieves this goal with the help of his great support team. Warren is also part of the Golf Foundation and England Golf's Young Volunteers group, which he plays an active role in.

Warren has developed a strong relationship with Mannings Heath Golf club, and they share his ambition to bring more young people into golf. Warren recently made contact with me to introduce me to the team at Mannings heath, and they are now working towards becoming an HSBC Golf Roots Centre, the status we award clubs that have a clear and safe system in place to help young people to 'Start, Learn and Play' Golf.

The Dry Range facility will allow Warren, supported by the PGA professional's at Mannings Heath, to invite groups of young people to the golf club and play and learn golf, whatever the weather, a facility that is much needed.

If you would like any further information on the positive benefit that I believe the dry range will offer, please don't hesitate to contact me.

Yours Sincerely,

Andy Wright
South Region Development Officer

Dear Grant Manager,

Ref: Warren Clark Golfing Dreams – Disability Inclusive Centre

Please accept this letter in support of the Warren Clark Golfing Dreams aim to build a Disability Inclusive Centre. Having seen some basic outline ideas for the project I am encouraged by the organisations ambition to increase accessibility and opportunity within the sport of golf.

England Golf have been working with Warren Clark for several years and have seen his abilities, along with Warren Clark Golfing Dreams grow to provide thousands of young people the opportunity to experience golfing activity. Warrens coaching abilities means that he provides a great role model for the audiences they are trying to engage with. Warren Clark Golfing Dreams have a proven ability to deliver project outcomes having secured funding in the past for a snag castle and portable driving bays. They have also consistently ensured their use within the programmes that they run to provide a great return on investment and have been recognised by the Prime Minister through the Points of Light award in 2019. <https://www.pointsoflight.gov.uk/warren-clark-golfing-dreams> .

We would encourage Warren Clarks Golfing Dreams to consider the following points as they develop the project further:

- Clarify the leasing arrangement for the site to ensure the organisations long terms use of any facilities created through this project.
- Ensure the correct legal arrangement with the land owner to protect the organisations assets for the not for profit objectives that it sets out to achieve.
- Continue to engage with local providers to ensure the target audience is involved in the design and specification of the building.
- Develop a strong financial model that ensures the projects long term sustainability is not dependant on further grants but is self-sustaining from income generation.

We look forward to seeing how the project develops and providing support where we are able, to further help them achieve the objectives within the project. If successful, this project will continue to open up our sport to many people that would not normally get the chance to experience golf, helping us grow the game across England.

Yours sincerely

To whom it may concern

It has been brought to the attention of EDGA, formally the European Disabled Golf Association, that Warren Clark Golfing Dreams is developing a project for an Inclusive Golf Centre which will include a community centre, golf simulation studios, an accessible specialist gym and hydrotherapy pool along with two accessible accommodation bungalows to be used for holiday retreats.

EDGA recognises that there is a need for accessible facilities to help those with a disability to engage in health-enhancing physical and social activities fully. EDGA is an association of 28 National Golf Federations and as such has seen similar facilities in several of our member countries and the effect that they have had. EDGA has actively supported several different respite centres, either through the provision of golf equipment or appropriately qualified coaching staff, and so it is clear that as an overarching concept, we endorse the development of such initiatives.

Yours sincerely

A handwritten signature in black ink that reads "Tony Bennett". The signature is written in a cursive style with a long, sweeping underline.

To whom it may concern

Carers Together is a charity which supports informal carers and their families, I have been working with Mrs Osborn and her family for the last 13 years, and I am involved on a personal level with Warren Clark Golfing Dreams.

I am writing in support the application, I am sure that the community I work with would enjoy trips to a community hub at Manning's Heath Golf club. I support Carers who look after family members and friend, many who are elderly, physically and mentally disabled, as well as young carers caring for family member, including people with mental health problems. Many would benefit from some form of exercise, the social stimulation, mixing with other people and people of all different ages. It would have a positive effect on the health and wellbeing, many people enjoy different sports and challenges it's about being able to try new and different sports in a safe environment.

Kind Regards

To whom it may concern

I write to confirm my support of the project that Dawn Osbourne is hoping to undertake from securing Sport England funding. Her son Warren is a student of Richard Taunton College, and has been an excellent ambassador for college sport. During his time at the college he has been able to participate in a variety of disability golf tournaments. Dawn has been a driving force with Warren in regards to this and is always willing to improved opportunities for Warren and other disability athletes. With this in mind I know that the project Dawn has in mind would be a success in driving forward golf in the surrounding and further areas. This would not only benefit disability provision, but would also provide an opportunity for people of all gender, back grounds and ability to take part in golf. We as a college would be very keen to offer our students the opportunities that the facilities would offer to our students. With all this in mind, I fully support the application.

Yours Sincerely

Subject: Warren Golfing Dreams

Good Morning

We offer a day service for Adults with Learning and Physical Disabilities. We offer a range of outcome based activities and also GROWfest which is a free community festival to support adults with Learning and Physical Disabilities and to promote community inclusion for all.

We fully support the project that Warren Clark Golfing Dreams would offer. It is very rare to find a peaceful, safe space for our client group where they can make some choices about what they want to do or to have a calm haven to reflect.

This facility is much needed within the community as it offers something for everyone and will meet the needs of those that are more able as well as more complex needs. the proposal of low cost would be of benefit to many as funding gets cut so it would not isolate anyone from having the opportunity to experience the project and explore something new.

Kind Regards

Maria Harris

Dear Dawn

Arctic ONE and Warren Clark Golfing Dreams - Proposed Disability Inclusive Centre

As a Registered Charity (Reg 1149536) formed in 2012 we have supported and worked with Warren and his family for several years and helped established Warren Clark Golfing Dreams introducing the Game of Golf to a wide range of disabled groups and individuals that otherwise would not have this opportunity which was all part of our 'Forward Motion' Grant System. We have organised some Arctic One Golf introduction days including at our established Dorney Lake Para Festival and Junior Para Tri which incorporate Warrens Golfing System.

This has been one of our most successful projects and both Warren and his mum Dawn are now valued Sports Ambassadors of our Foundation.

Please accept this letter in support of the Warren Clark Golfing Dreams aim to build a Disability Inclusive Centre at Mannings Heath Golf and Wine Estate. I have worked on the initial outline ideas for the project I can see the huge benefit and accessibility for both the club, disabled sport and golf in general. I am confident that the project subject to the land Owners approval can be moved forward to create a long term sustainable facility with a sound financial plan in place.

Arctic One would welcome the opportunity to encourage more people to play golf and indeed take up sport using this facility where possible and our Trustees, Ambassadors and Supported Athletes would all help develop these links.

The prospect of this facility looks remarkable and it would be a privilege for Arctic One to continue to work with Warren Clark Golfing Dreams in the future.

Please do not hesitate to contact me if you need any further information.

Re: Warren Clarke's Golfing Dreams

To whom it may concern.

We as an association have known Warren for many years now in his capacity as a provider to disabled people an easy to use golfing system.

We hold an open day every year at St Mary's stadium, home of Southampton Football Club, and each year we have invited Warren and his Mum Dawn to provide 'entertainment' with the golf game to the people who attend the Open Day and each year they attend with all their equipment and provide education and entertainment to the many disabled people who attend our open day's.

I would have no hesitation in recommending Warren to new employers or organisations where his skills are required. He is a hardworking loyal, enthusiastic person and I can recommend him.

Should you need anything further from me please do contact me by methods below,

Yours faithfully,

Ronnie Mitchell
rmitchell46@hotmail.co.uk

To whom it may concern
 I have received an email from Dawn Osborn highlighting a fantastic facility for people with learning disabilities that she is endeavouring to get off the ground
 I run Highland Disability golf in Inverness, Scotland and when I take my group (7 golfers + 5 carers) being able to possibly use the facilities when we travel to that part of the UK
 Competition especially in England makes a huge hole in our fund's therefore if Dawn does get this facility it would be a wonderful help for us when we travel that distance
 We would like to support this fantastic opportunity for the people we work with
 Kind regards
 Ronnie Mitchell (Highland Disability golf)

Michael Overton
 WDGA.

Dear Dawn,

We read with interest on your innovation for The Warren Clark Golfing Dreams Charity and the facilities it would bring to all Disabled Golfers, new and old.

The Welsh Disabled Golf Association (WDGA) would endeavour to give its whole hearted support to such a project and would encourage other Disabled Organisers to follow our support and to give you their 100 percent backing.

This project could only highlight Disabled Golf, and we are sure that all the Disabled Golf organisers throughout the UK including the WDGA, would only be delighted to have such a venue devoted to their sport.

Our own WDGA would indeed be happy to encourage our members to travel to such a venue for our own away breaks and perhaps in the future any major competitions organised for all Disabled Golfers being held at such a venue..

We wish you every success with this project and you can always depend on the WDGA with our support and enthusiasm for a project which can only bring disabled golf into the forefront of disability sport.

Once again we pass on our support and best wishes in this project from all the members of the WDGA.

Kind Regards
 Mike Overton
 Chairman

The Strawford Centre

Warren Clark Golfing Dreams

North Baddesley
Southampton
Hampshire

Dear Dawn and Warren

Thank you for coming in and presenting your proposal for a disability inclusive centre for Mannings Heath Golf Club that could be accessed by day Service providers, Children with special educational needs, dementia/elderly services and families of deprived and disadvantaged backgrounds.

Both Mandy and I were very impressed by your drive and the achievements you have both made by bringing golf to the forefront for people with Learning Disabilities and autism through your not for profit organisation ,Warren Clark Golfing Dreams. We were particularly impressed with how your proposal brings golf and its associated skills to people of all abilities with the innovative and inclusive equipment and opportunities you already provide such as S.N.A.G. (Starting New At Golf)

We would be very happy to support you with your proposal and work with you to make it a success.

The Strawford Centre is a busy service for adults with a wide range of learning and physical disabilities. We offer placements to people from the age of eighteen and currently have 70+ people on our register.

A majority of people who attend our service appreciate and enjoy participating in activities that promote their health, wellbeing and community presence. However, there are very limited affordable facilities for people who use our service within the Horsham area. Common difficulties that the majority of people who use our services have are the financial constraints of their budgets. Everyone who attends the Strawford Centre relies on benefits such as PIP and once they have paid their contributions to housing, transport and day services, have a very small budget to enjoy extracurricular activities.

The benefits to people with disabilities outlined in your proposal such as offering accessible changing facilities, quiet areas for people, access to catering facilities and sensory rooms coupled with the benefits to people's positive mental health, physical awareness, inclusion and public awareness of disability sport are not available to people in Horsham or the surrounding areas at this time. This is

without doubt an opportunity to bridge a gap in the community for people with learning disabilities and autism.

We have discussed your proposal with people who attend our service and also some parents and carers who have all expressed a lot of interest in supporting you in your endeavours to bring Accessible golfing and other activities to the local community. They appreciate your proposal to make your project affordable and inclusive not only to people with disabilities but to their siblings also.

The work that Warren and you have done in promoting what can be seen as an exclusive sport in such an inclusive way is truly inspirational. Should you be successful in your venture at Mannings heath Golf Club we as a service would certainly include the opportunities you outline in your proposal in our regular timetable and promote Warren Clark Golfing Dreams to all our stakeholders.

We are looking forward to joining you for some taster sessions in the near future and would like to the best of luck going forward

Kind regards

Gary Capelin

To: Mike and Dawn Osborn
Subject: The Warren Clark Golfing Dreams Charity

Dear Dawn

We are proud to see one of our first members Warren Clark at the age of 12 now looking to achieve professional status in a sport he truly loves.

We whole heartily support your innovated project for a disability Inclusive Centre.

With over 800 members, and just today announce that we have achieved charity status, the opportunity to work with your organisation in the future would be an honour.

We at Disabled Golf Association Charity No:1184422 wish to acknowledge our total support for your Disability Inclusive Centre and wish you every success to bring your dream to fruition.

Best Regards

To whom it may concern

Re: Warren Clark Golfing Dreams Disability Inclusive Centre

I have known Dawn and Warren Clark for some time and I am very impressed by their enthusiasm and tenacity with regard to this project.

On Course Foundation helps wounded, injured and sick military personnel recover through the power of golf and there is no doubt that those in the community of Manning's Heath Golf & Wine Estate would benefit from such a facility.

It seems an ideal concept and we should all give Dawn and Warren our whole hearted support to make it happen.

Yours sincerely

John Simpson
Founder & President

Your Objective

The project would support and create a 'Disability Inclusive Centre' to be used by Day Service Providers, Children with Special Educational Needs, S.E.N Schools, Dementia/ Elderly groups, and families of deprived or disadvantaged backgrounds.

Dear Dawn,

Thank you for contacting us, as a Manager of a Day Service, The Butterfly Project in Horsham, supporting young adults with learning disabilities. I would like to applaud your new venture. This has been a long time coming and The Butterfly Project would whole heartedly support this centre. You can be assured that we would regularly use this centre and it is with great anticipation and excitement we await its opening.

Yours Sincerely

Julene Macgregor

Subject: Letter of Support, Els for Autism Foundation

Dear Sir or Madam,

Please consider this letter of support for the Warren Clark Golfing Dream's Disability Inclusive Centre for individuals who need supports. We understand that the Centre hopes to be housed at Manning's Health Golf and Wine Estate and will support day service providers, children with special educational needs, S.E.N. schools, dementia/elderly groups and families of deprived or disadvantaged backgrounds.

Els for Autism Foundation was established in 2009 by Liezl and Ernie Els. The Els' son, Ben, is impacted by the disorder which affects 1 in 59 children in the U.S. The world-class pro golfer and his wife have devoted their efforts to a game-changing, philanthropic project – The Els Center of Excellence.

We know Warren Clark from his time spent in Jupiter, Florida, training to become a golf coach. We admire his and his family's dedication to helping not only individuals with autism spectrum disorder, but many others who can benefit from an inclusive center that offers recreation, fitness and social opportunities.

On behalf of Ernie, Liezl and the other members of our Board of Directors, please consider this letter our wholehearted support for everyone at Warren Clark Golfing Dreams and their efforts to help others in their community.

Please feel free to contact me with any questions and thank you for your consideration.

Sincerely,

Pamela A. Minelli
Member, Board of Directors
