

Nuthurst Parish Council Emergency Contingency Plan

Date Adopted	Minute Number	Review Date
Sept 2017		Sept 2018
Sept 2018	2209/18	Sept 2019
..... 2020		

The Emergency Contingency Plan has been prepared by Nuthurst Parish Council with the assistance of Horsham District Council to co-ordinate an organized response within the community in the event of an emergency.

Resilience Plan

Purpose. The purpose of the plan is to provide a self- help guide to the resources available within the community to support it in a crisis, and the particular procedures to be followed for a specific crisis, especially if the emergency services or relevant local authority support is delayed due to the scope and nature of the emergency.

Activation. This contingency plan will be activated by the community on the advice of the Parish Council’s Emergency Planning Team, and if contactable, Horsham District Council’s Emergency Planning Officer. Where the decision to implement the plan has been taken by the community, then the County and District Council should be advised that the plan has been activated.

Resilience Planners

Nuthurst Parish Council Emergency Planning Team

Owen Hydes (Parish Council Chairman) 01403 255223

Norman Bryant (Parish Council Vice Chair)	01403 730998 or 07770 688166

Mannings Heath Hotel Winterpit lane Mannings Heath	01403 891191
Elite Garage Brighton Road Mannings Heath A281	01403 269694

Vulnerable People in the Community

There are a number of groups of people who, in a crisis, should be considered as potentially vulnerable:

- Older people with mobility limitations.
- Disabled people (including physical disability and learning disability).
- Blind and partially sighted people.
- Parents who are on their own with children under 12.
- Anyone in charge of a group of children when the incident happens ie. St Andrews School, teachers, SAFA staff.
- Newcomers to the parish who may not know all its facilities.
- Hearing impaired people. It should also be noted that people who are deaf or hard of hearing may not be aware of broadcast alerts, and may need a personal visit to ensure they know of any risks the community is being alerted to.
