<b>BILL ITEM</b>	<b>DESCRIPTION OF WORKS</b>	<b>QTY</b>	<b>UNIT</b>	<b>RATE</b>	<b>TOTAL</b>
<b>A</b>	<p align="center"><b>Supply And Install Lantern</b></p> <p>Supply one man and a MEWP to supply and install 24W PLL and pole mounted box and bracket.</p> <p>Typically a street lighting design is undertaken to determine the most appropriate luminaire (in accordance with WSCC equipment specification) for a given road. However for your scheme in the absence of a lighting design a luminaire has been selected which is typically used on small residential roads and complies with WSCC approved equipment specification. As a result the lighting levels on the road cannot be quantified.</p>	1	No	£ 502.91	£ 502.91
