---

Morning Sarah,

Thank you for your enquiry. Currently MSF Have no presence in West Sussex, all our gangs are based out of Podington in Northamptonshire.

When we carried out permanent work for West Sussex Highways we could provide a competitive price for these works.

So to be honest with you we feel that the price we provide would not be as competitive as local firms and not be cost effective for you.

If you would still like us to provide a price then please let me know and I will sort.

Kind Regards

HSEQ Manager
