

## **Some news hot off the press from the Nuthurst Community Speedwatch team**

Sussex Police have been in touch requesting our support as they are concerned about the increase in traffic speeds and anti-social driving since the second lockdown started. The Nuthurst CSW team have been authorised to carry on with their activity in strict accordance with the Sussex Police risk assessments and Covid-19 guidance. We can expect a full program of sessions over the coming weeks at the known hotspots around the parish. All sites deployed for Speedwatch must be approved by the police before sessions can take place and we have a newly approved location at Monks Gate which will be monitored over the coming weeks.

Finally, if you would like more information on Speedwatch or would like to volunteer please contact the local team at <https://www.communityspeedwatch.org/FRONT-Main.php>
